## Keratin

### COMPLETE ANTI - FRIZZ TRANSFORMATIONAL HAIR SMOOTHING SYSTEM

If you are time poor but lust after smooth, luscious-looking locks that are low on maintenance but high on manageability, bhav<sup>TM</sup> smoothe PLUS has the solution for streamlining your beauty routine as well as your look.

Enriched with keratin, argan oil, collagen and silk amino acids, curls will be softened, waves will be smoothed and hair will be easier to manage for up to five months with no frizz, no fuss and no formaldehyde.

To noticeably improve hair health and provide long term conditioning protection and lustrous shine, always insist on a true keratin treatment and not a chemical straightening product to which keratin has been added. True keratin treatments are less harsh on your hair.

	80gm Short	120gm Medium	140gm Long
Bhave Keratin Smoothing System Upto 3 hr Service	280	420	490

- Sedates frizz
- Rejuvenates and protects hair
- Smoothes and enhances shine
- Drastically reduces styling time and maintenance
- Improves overall condition and appearance
- Repairs damage
- Protects against harmful elements i.e. sun, daily styling and ironing, chemical treatments etc.

\* Take home products strongly recommended

\* Prices may vary depending on hair length & thickness
